## CORPORATE CAPABILITIES

The Vicente Group provides its services in three core areas – information technology services, program management, and professional services.

- **IT Services & Solutions:** Provide management of IT functions and systems as well as solutions that are practical and which optimize resources so information is available when and where it is needed. Solutions are stable, scalable and mobile.
- **Program Management:** Provide management and solutions that result in efficient performance with the effectiveness that accomplishes the mission requirements. Our Program Managers are trained to provide a variety of services with various scopes of work.
- **Professional Services:** Provide personnel to fulfill customer professional, technical and administrative requirements in multiple skills and disciplines. Our workforce goes through a rigorous selection process to ensure we provide exceptional talent management to our customer.

## CORPORATE DISTINCTION

The Vicente Groups' differentiators provide value to its Government and commercial customers.

- **Service Excellence:** Our focus is filling requirements with a professional workforce that supports contracts, including highly specialized positions using exceptionally responsive internal recruiting capabilities with exceptional tools, methods and recruiters. Consistently meet all requirements.
- **Price Competitive:** The Company is very price competitive, we keep our costs low by aggressively pricing customer requirements that meet their budgets. We offer benefits that lead to successful recruiting and retention, so we can offer our customers performance stability and consistency.
- **Committed Management:** Our leadership and managers understand customer service requirements and provide outstanding responsiveness and compliant, high quality services.

## PAST PERFORMANCE EXAMPLES

- **USDA Forest Service IDIQ contract:** provide services in the areas of IT, engineering, environmental, communication, research, and administrative support.
- **US Department of the Army, G-1 SHARP:** provide technical consultant on strategic dashboard and business intelligence platform, focusing on manipulation and presentation of data for the Sexual Harassment Assault Response Program.
